Press Release: February 26, 2010

Martex Global Enterprises, LLC, manufacturer of the electric HuntVe 4x4 product line is proud to announce the formation of a new strategic partnership with Cally Morris of Hazel Creek Inc.

Cally Morris is a World Champion Taxidermist and for over twenty years he and his wife Annetta have owned Hazel Creek Taxidermy. Hazel Creek Taxidermy is a highly recognized taxidermy company and is equally known for producing the most effective turkey decoys on the market, the Hazel Creek Real Decoy.

Cally's love of the outdoors has taken him most recently into the filming industry, producing his DVD series Bringin' It Home With Hazel Creek. His love of photography easily transitioned into videography. In the DVD series viewers go on the road with Cally along with his friends and family on hunts all over North America, including whitetail deer, turkeys, elk, goats and sheep. The audience is treated to a behind the scenes look into how Team Hazel Creek designs their award winning taxidermy pieces. Cally will feature his HuntVe Game Changer in the upcoming Bringin' It Home With Hazel Creek

DVD's Volumes 2 & 3. Thus far Cally has utilized the Game Changer for hunting Elk in Colorado and for whitetail deer and turkey hunts in Missouri, with more hunting footage to come.
